TOPICAL MONOLOGUE JOKES

1. Hillary Clinton received a standing ovation when she arrived as a guest at Broadway's production of "Hello Dolly". This was a much better response when compared to Hillary's former performance in, "Running For President". Which unfortunately resulted in the terrifying musical, "Hello Trump".

2. In recent news Comedian Sasha Baron Cohen tricked Georgian State Representative Jason Spencer into using racial epithets on camera. When Jason Spencer was asked about the incident he replied, "Tricked"? I thought we were just riffing.

3. It is still unknown who will host the Oscars. After Kevin Hart was recently the subject of some criticism in regards to older homophobic tweets he deleted. Hollywood is still looking for an A list host who has nothing to hide. I don't think they will find them.

4. First known recordings of early David Bowie songs were found in an old bread basket earlier this week, and first edits of Donald Trump's tweets were not found in an old bread basket or anywhere for that matter, because he has never edited anything.

5. Lil Uzi Vert reported that he is "Done with Music" about time said the world, about time.

6. Missy Elliott will become the first female rapper inducted into the Songwriters Hall of Fame. When she first heard the news she responded with, "It's your flipin'whippin'whyanyet".

7. Earlier today Kim Kardashian revealed a sentimental story behind her pink sweatsuit, and for some reason people cared. Stop it! Stop it America! No!

8. Austin's equity office requested that city council initiate a public discussion about changing the city's name due to its ties to slavery. In response to this representatives from Plantation, FL and Lynchfield, AL were quoted saying, "yeah Austin it's about damn time."

7. Trump in a recent Washington Post article called the media, "the enemy of the people" inciting the vast amount of fake news is corrupting America. Trump is an outspoken activist against his own coined term fake news, consistently stating that almost all news is fake, except for Fox News. Fox News recently released this shocking headline, "mama duck found with 76 ducklings on Minnesota lake" thankfully we have someone out here reporting the real news.

8. Donald Trump threatened to shut down the government this morning if he was not brought two sausage and egg mcmuffins and a diet coke by exactly 8 am. He also requested this in his special cup.

9. Artisan Ice cream creators in Scotland are now selling mayonnaise ice cream. I personally am just happy to be alive in a time where most people still find this disgusting.

10. Thirteen amateur women cyclists rode every stage of the Tour de France route ahead of all of the men, in protest that their still is no women's stage for this race that has equal media coverage and attention. C'mon NBC where you at? Let's get them some coverage.

11. An Ex Cop was caught for rigging the McDonald's monopoly game, when caught he replied, "I would of gotten away with it to if it wasn't for you meddling kids and your stupid dog".\
